

1. What is the Striker Additional License Event (S.A.L.E.)?

The **Striker Additional License Event (S.A.L.E.)** is a limited time promotion exclusively for current Striker Systems Technology Assurance Program customers; in which additional licenses of qualifying Striker Systems software can be purchased at a *significant* discount.

2. What Striker Systems products qualify for S.A.L.E. pricing?

All Striker Systems software products qualify for **S.A.L.E.** pricing with the exception of stand-alone licenses of SS-Design, SS-Unfold, SS-DNC, and Striker PARTshare.

3. How much can I save during the S.A.L.E.?

The standard discount offered for additional licenses of Striker Systems software is 50% off of Suggested Retail Price (SRP). During the **S.A.L.E.**, customers can purchase additional licenses at a **60% discount**.

4. This is a limited time promotion. How long will it last?

S.A.L.E. is currently live and will run through December 2022. After December 30th 2022, **S.A.L.E.** discounts will no longer be available.

5. Who qualifies for the S.A.L.E.?

All current Striker Systems Technology Assurance Program customers as of December 1st, 2022, are eligible to qualify for the **S.A.L.E.** discounts.

6. I need to add Striker Systems software modules that I don't currently own a license for. Do the S.A.L.E. discounts apply?

The **S.A.L.E.** price is only applicable to the purchase of duplicate technology, not new technology. For example, if you own a license of SS-Profile and you would like to add SS-Nest, the SS-Nest module would not be subject to **S.A.L.E.** pricing. However, if you purchase two licenses of SS-Nest, the second SS-Nest license would be subject to **S.A.L.E.** pricing.

7. Is there any limit to the number of additional software licenses that I can purchase during the S.A.L.E.?

No. You can purchase as many additional software licenses as you like.
